## **Accelerating Digital Health Adoption – Special Incentive for HIS/EMR Certification**

NABH is committed to driving faster adoption of Digital Health Standards and strengthening India's healthcare ecosystem through certified HIS/EMR systems. To encourage early adoption and accelerate digital transformation, we are introducing a limited-time incentive for HIS/EMR providers.

The first **10 organizations** to successfully complete their certification by 30<sup>th</sup> May'25 will receive a **50% discount on the NABH Certification Fee**. This initiative aims to:

- ✓ Fast-track the adoption of NABH Digital Health Standards
- ✓ Motivate early adopters to complete their certification process swiftly
- ✓ Encourage more HIS/EMR vendors to commit to quality, compliance, and interoperability

By embracing digital health standards now, organizations will not only enhance efficiency and patient safety but also position themselves as leaders in India's healthcare digitalization journey.

We invite all HIS/EMR providers to seize this opportunity and be at the forefront of India's digital health revolution.
